

**Registration Open: 2022 OLAC/PBIS Showcase
December 6, 2022**

With a shared vision for building the capacity of those who lead, teach, and serve students in Ohio's schools and beyond, the Ohio Leadership Advisory Council and Ohio PBIS Network, in partnership with the Ohio Department of Education, are excited to host the 2022 OLAC & PBIS Showcase. This one-day, virtual conference is designed to share powerful examples about how district, building, and teacher-based teams are working together to impact all learners AND showcase Ohio's schools implementing PBIS with high fidelity. For the past two years, thousands of Ohio superintendents, principals, teachers, counselors, and others have participated in this FREE professional learning event.

New Format This Year—30+30

This year, they are excited to offer a flexible learning experience with more live and on-demand learning options, and additional opportunities for presenters and attendees to engage in real time. The conference will feature three live keynote speakers and 19 on-demand, pre-recorded learnings sessions from Ohio districts, schools, and organizations. Each on-demand session will be 30 minutes and will be available to watch starting November 28—a week ahead of the virtual event. Ideally, attendees will watch sessions ahead of time, and then participate in live Zoom Q&A sessions with presentation teams on December 6. Essentially, it's a 'flipped classroom' concept. This format allows for more personalized engagement and learning between presentation teams and attendees.

The event is free, but registration is required. Learn more and register now at:
