

## Kinship Care

### Kinship Connections: How Schools Can Partner with Kinship Families

This professional development is an opportunity for teachers, counselors, administrators, and other family-facing professionals to learn more about supporting grandparent-headed and other kinship families within the education system. Participants will learn about who kinship families are, why kinship families are important, as well as why their needs may look different than other families. The presentation includes a variety of strategies for schools looking to support this unique family dynamic.

The presenter will be Dr. Angela Provenzano (OTD). Dr Provenzano is the founder and leader of Kinship Caregivers Connect, has been working with kinship families for the past 2 years, and is member of a kinship family herself.
